

## Key West: Hyatt Key West spa and breakfast package in May

### *Why Go:*

If you, like me, prefer a hotel room over a stay at a B&B or small guesthouse, Key West can be a challenge. Hyatt Key West Resort & Spa manages to be as down-to-earth and low-keyed as a guesthouse, but with the amenities and privacy of a bigger resort. Inspired by Mothers Day, the resort is adding an additional 20% off spa treatments to its Awaken package during the month of May. Everyone's skin could use a little renewal after winter, not just Mom's.

### *Awaken package includes:*

- Overnight accommodations
- Daily breakfast
- 20% savings on all spa treatments
